PROFILE

Frontend developer with 5 years of web development, UI/UX and SEO experience, building reusable component systems across more than 200 production websites. Focused on writing CSS, LESS, and JavaScript component libraries that can be updated without extra coding. Skilled in Figma handoff, team training, and managing delivery across several projects at once.

SKILLS

Core Web: HTML5, CSS3, LESS, JavaScript, TypeScript

Frameworks: React, Node.js, Express, jQuery, Bootstrap

Design Tooling: Figma (design review, design and asset export), GitHub, Adobe Cloud, Canva, Affinity

Platforms: Squarespace, Wix, WordPress, including CSS/JS overrides and component extension

Infrastructure: DNS, domain management, email services, performance optimisation

Data: SQL, MongoDB, Apollo GraphQL

EXPERIENCE

SERV. Agency

Senior Web Developer - Aug 2022 to Present

Components and Design Systems

- Built reusable CSS, LESS, and JavaScript components used across the agency, editable by non-technical users without code changes.
- Maintained consistent UI patterns across more than 200 sites covering hospitality, media, dental, and architecture clients.
- Worked in Figma to review designs and turn them into accurate, maintainable builds.
- Supported up to 100 legacy sites at once, deciding when to refactor, extend, or standardise.
- Selected lightweight, high-performing tech stacks based on render speed and long-term stability.

Enablement and Mentoring

- Trained team members and clients to update and maintain component systems without developer assistance.
- Helped build a collaborative culture within the web team. Received Rising Star and MVP awards.
- Explained technical decisions clearly to account managers and clients across multiple ongoing projects.

Delivery

- Delivered 200+ sites end to end, including scoping, build, DNS setup, email services, and post-launch support.

LUSH Handmade Cosmetics

Casual to Store Manager / Brand and Product Trainer - Nov 2013 to Jun 2022

- Managed a team of 40+ across two flagship locations.
- Oversaw \$5M+ in annual revenue using KPIs to identify opportunities and drive results.
- Delivered in-store activations, online presence, and visual merchandising.

Cudo Pty Ltd (Channel 9)

Account Supervisor - Feb 2012 to Mar 2013

- Managed merchant onboarding and delivery on a high-traffic ecommerce platform.

EDUCATION
